DISCLOSURE OF OWNERSHIP

Pearland Surgery Center is proud to have a number of quality physicians invested in our facility. Their investment enables them to have a voice in the administration of policies of our facility. This involvement helps to ensure the highest quality of surgical care for our patients. Your physician may or may not have a financial interest in this facility. If you have questions please discuss this with your physician.

ADVANCE DIRECTIVE NOTIFICATION

In the State of Texas all patients have the right to participate in their own health care decisions and to make Advance Directives or to execute Powers of Attorney that authorize others to make decisions on their behalf based on the patient’s expressed wishes when the patient is unable to make decisions or unable to make decisions or unable to communicate decisions. The Pearland Surgery Center respects and upholds those rights.

However, unlike in an acute care hospital setting, The Pearland Surgery Center does not routinely perform “high risk” procedures. While no surgery is without risk, most procedures performed in this facility are considered to be of minimal risk. You will discuss the specifics of your procedure with your physician who can answer your questions as to its risks, your expected recovery, and care after your surgery.
